

Get to know a voter

Now that you have voted, talk to an adult you know (a family member, family friend, coach or teacher) about what voting means to them.

Person Interviewed (e.g. a family member, family friend, coach, teacher):

Do you vote? Why or why not?

How do you decide who to vote for?

How would you feel if you were no longer allowed to vote?

Did you or someone you know ever have a hard time voting?

Have you voted in another country besides Canada? How was it the same or different?
